Licensee under 35 U.S.C. 184 is hereby granted to file in any foreign country a patent application and any amendments thereto corresponding to the subject matter of this U.S. application identified above and/or any material accompanying the petition. This license is conditioned upon modification of any applicable secrecy order and is subject to revocation without notice.

License Number: 531,920

Grant Date: 29-Jan-04

Approved:

for Commissioner of Patents and Trademarks

This license empowers the filing, the causation and the authorization of the filing of a foreign application or applications on the subject matter identified above, subsequent forwarding of all duplicate and formal papers and the prosecution of such application or applications.

This license is granted under 37 CFR 5.15(a)

This license is to be retained by the licensee and may be used at anytime on or after the date thereof.
This license is not retroactive unless specifically indicated.

The grant of this license does not in any way lessen the responsibility of the licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Department of the Treasury; Office of Munitions Control, Department of State (with respect to Arms, Munitions and Implements of War); the Bureau of Trade Regulation, Office of Export Administration, Department of Commerce; and the Department of Energy.

Dear Commissioner:

1. Petition

130. (Petition is hereby made under 37 CFR §§ 5.12(b), and 5.13, in duplicate, for a license pursuant to 35 USC §184 for the foreign filing of applications for patent having subject matter disclosed in a previously filed U.S. application. The scope of the disclosure in the foreign applications will not exceed the scope of the disclosure in the U.S. application.

It is requested that the duplicate copy of this Petition be returned with the license or other action on the Petition.

2. Identification of U.S. Application

The international applications which are the subject of this Petition will contain matter fully disclosed in the U.S. nonprovisional patent application that was filed with the PTO on December 30, 2003 as Serial No. 10/748,749 titled "Method and System for Medical Device Connectivity." The

inventors on this application are Dan M. Mihai, James P. Martucci, Laura M. Letellier and Mark Notestine. The material upon which the desired license will be based is enclosed herewith, pursuant to 37 CFR § 5.13. This material comprises a specification including claims and drawings.

3. National Security Statement

It is believed that this invention is of no interest from a national security standpoint as it generally relates to communication between a medical device and a centrally situated server.

4. Expedited Handling & Petition Fee

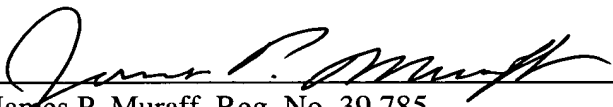

Expedited handling under 37 C.F.R. §1.17(h) of this Petition for license is requested for foreign filing purposes. You are hereby authorized to debit Account No. 23-0280 for \$130.00 for the Petition fee and any payment deficiencies in this matter. A duplicate copy of this Petition is attached for that purpose.

5. Notification of Decision on Petition

Please notify Stuart Talbert at Borsari & Associates by telephone at 703-415-4633 of the issuance of the requested license or other notice of decision. Mr. Talbert will arrange to have a messenger pick up the granted license or other notice of decision on this Petition.

Respectfully submitted,

Date: January 26, 2004
